No. 15R.—The 26th May 1928.—In exercise of the power conferred by section 42 of the Bengal Aerial Ropeways Act, 1923 (Bengal Act VII of 1923), the Government of Bengal (Ministry of Public Works) are pleased to make the following rules:—

Survey, construction, maintenance and working.

1. Whenever an aerial ropeway passes over a mining area the promoter shall acquire the subsoil right for the proper support of his trestles and stations.

2. For the purpose of section 15 (1) the promoter shall not enter into any building or compound of any enclosed garden attached to a dwelling house without the consent of the occupier thereof and without previously giving such occupier at least seven days' notice in writing of his intention to do so. The promoter shall tender payment for any damage done, and in the case of dispute as to the sufficiency of the amount so tendered he shall at once refer the dispute to the decision of the Collector.

3. Any damage done to private property by the promoter at the time of making surveys or doing all other acts necessary for constructing, maintaining, altering, repairing and using an aerial ropeway as contemplated in section 14 (1) (a) and (f) shall similarly be compensated by the promoter at the time of doing such damage.

4. The minimum clearance of a ropeway from the ground except within station limits shall be 12 feet, and such clearances over navigable rivers, canals and railways will be determined in each case by a reference to the authorities in charge of them.

5. Clearances over main roads having a width of not less than 10 feet shall not be less than 16 feet.

6. No ropeway shall be constructed unless every part excepting the anchorages of foundations has a factor of safety of at least 4 under the maximum conditions. For foundation anchorages it shall be sufficient if the moment of resistance of the foundation exceeds the overturning moments by 50 per cent. The factor of safety of 4 shall be obtained in the case of the rope by dividing the actual breaking load of the rope by the maximum direct tension to which it will be subjected.

7. Station gears, trestle sheaves and wire ropes shall be so designed and placed that lubrication can be performed safely whilst the ropeway is in motion.

8. All carriers shall be provided with appliances which will prevent them from discharging their contents, except at points where it is intended to discharge them.

9. For the purpose of giving signals on the ropeway the promoter shall instal telephones or other signals which will enable the ropeway to be stopped from any station.

10. When an aerial ropeway or any part thereof has been closed to any traffic it shall not be re-opened to such traffic until it has been inspected, and the inspection shall be made according to the procedure laid down in section 10.

11. Returns required under section 36 shall be submitted to the Local Government once a year.

12. Notices under this Act shall be served by registered post.

Duties of Inspector.

13. The Inspector will be the technical adviser to the Government of Bengal, and his duty shall be to inspect the ropeways at least once a year and to advise Government regarding works of public safety and convenience and the general working of the ropeways and such other matters as may be referred to him.

Accidents.

14. The following shall be deemed to be an accident within the meaning of section 20 (c):—

- (i) derailment of a carrier beyond the station limits, which include the distance between the station and the first trestle on either side of a station,
- (ii) displacement of carrier ropes from the trestle sheaves or saddle,
- (iii) damage to trestles,
- (iv) a carrier striking a trestle or other permanent object, and
- (v) accidental tipping of buckets along the line.

Notice of such accidents shall be sent to the Local Government and to the Inspector.

15. Accidents of the nature described in section 20 (a) shall be jointly enquired into by a Committee consisting of the promoter's servants, a police officer, a Magistrate and the Inspector, and a report shall be submitted to Government by such Committee. When an accident of the nature as described in section 20 (a) has occurred it shall be the duty of the promoter's servants to afford medical aid to the sufferers and to see that they are properly and carefully attended to till they are removed to their homes or handed over to the care of their relatives or friends. The nearest local medical officer should be communicated with. When an enquiry is being made the promoter shall produce before the Committee all his servants whose evidence is likely to be required. Whenever the report of the Committee or of the Inspector points to the necessity for or suggests a change in any of the rules or in the system of working, the promoter shall, when acknowledging the report, intimate the action which has been taken or which it is proposed to take to prevent the recurrence of similar accidents.

Duties of Magistrates.

16. Whenever an accident of the nature described in section 20 (a) or 20 (b) has occurred in the course of working of an aerial ropeway the District Magistrate, or any other Magistrate who may be appointed in this behalf by the Local Government, may direct an investigation into the causes which led to the accident to be made by a subordinate Magistrate or by the police. When it is decided to make an enquiry the Magistrate or police officer so deputed shall proceed to the scene of the accident and conduct the enquiry there, and shall at once advise the promoter and the Inspector of the date and hour at which the enquiry will commence. The Magistrate or police officer may summon any of the promoter's servants and any other person whose presence he may think necessary, and after taking the evidence and completing the enquiry, shall forward a copy of the report to the promoter and to the Local Government.

Duties of police officers.

17. A police officer may make an investigation into the causes which led to any accident occurring in the course of the working of an aerial ropeway as contemplated in section 20 (a) or 20 (b), provided no such investigation is made when an enquiry has been commenced or ordered by the Magistrate.

Minister-in-charge: The Hon'ble Sir P. C. Mitter, Kt., C.I.E.

In this department resolution No. 1083 F., dated the 13th September 1927, it was announced that, in order to give those students who had undergone, or were then undergoing, at their own expense, a course in Forestry in the United Kingdom, but had not yet taken the entrance examination for the Indian Forest Service and had, by reason of changes in the regulations governing recruitment to the Service, lost their chance of appearing as candidates at the examination, an opportunity of competing at the examination held in India, the Secretary of State in Council, in conjunction with the Government of India, had decided to admit to the Indian Forest Service entrance examination to be held in this country in 1928 candidates falling within any of the four classes named below :—

- (a) Those who were not debarred by age from appearing at the competitive examination in 1926, i.e., were under 23 then, but were too old to appear at the examination in 1927 by reason of being over 23 on 1st April 1927 ;
- (b) Those who had obtained a degree or diploma in Forestry and were under 25 years of age on the 30th June 1926 ;

- (d) Those who, having obtained a diploma or degree in Forestry, were under 25 on the 30th June 1927.

The same authorities have now decided that all Indian students falling within the four classes specified above, who are unable to compete at the entrance examination for the Indian Forest Service to be held in India in 1928, by reason of their taking an examination in Great Britain or Ireland in the summer of this year, shall be allowed to compete at the examination to be held in India in 1929.

NOTIFICATION.

Simla, the 22nd May 1928.

No. 310-H.—The following regulations, respecting Foreign Orders and Medals, which have been recently revised by Command of His Majesty the King-Emperor of India, are published for general information. These Regulations supersede those published in the Notification by the Government of India in the Foreign and Political Department, No. 431-H., dated the 13th September 1926.

A

Regulations respecting Foreign Orders and Medals applicable to persons in the Service of the Crown.

Orders.

1. NO person in the service of the Crown shall accept or wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either :

- (a) By Warrant under the Royal Sign-Manual, or
- (b) By restricted permission conveyed through the Keeper of His Majesty's Privy Purse.

2. When permission is given by Warrant under the Royal Sign-Manual, the Insignia of the Foreign Order may be worn at all times and without any restriction.

When restricted permission is given the Insignia may only be worn on the occasions specified in the terms of the letter from the Keeper of His Majesty's Privy Purse conveying the Royal sanction.

3. Full and unrestricted permission by Warrant under the Royal Sign-Manual is contemplated in the following cases :—

For a Decoration conferred—

On an Officer in His Majesty's Naval, Military or Air Forces lent to a Foreign Government; on an Officer in His Majesty's Naval, Military or Air Forces attached by His Majesty's Government to a Foreign Navy, Army or Air Force during hostilities; or on any British Official lent to a Foreign Government and not in receipt of any emoluments from British public funds during the period of such loan.

4. Restricted permission is particularly contemplated for Decorations which have been conferred in recognition of personal attention to a foreign Sovereign, the Head of a Foreign State, or a member of a foreign Royal Family, and which are therefore of a more or less complimentary character, but will also be granted for Decorations conferred on other exceptional occasions when in the public interest it is deemed expedient that they should be accepted.

5. Restricted permission will generally be given for Decorations conferred in the following cases, but, as indicated in the preceding paragraph, will not necessarily be limited to these cases :—

(1) On British Ambassadors or Ministers abroad when the King pays a State visit to the country to which they are accredited;

(Note.—A State visit is defined as one on which the King is accompanied by a Minister or High Official in attendance.)

(2) On Members of Deputations of British Regiments to Foreign Heads of States;

(3) On Members of Special Missions when the King is represented at a Foreign Coronation, Wedding, Funeral, or similar occasion; or on any Diplomatic Representative when specially accredited to represent His Majesty on such occasions (but not on the members of his Staff).

Restricted permission will not be given to—

(a) British Ambassadors or Ministers abroad when leaving, except on final retirement from His Majesty's Diplomatic Service and in respect of a decoration offered by the Head of State to whom they were last accredited;

(b) British Officers attending Foreign Manœuvres;

(c) Naval Officers of British Squadrons visiting Foreign Waters

6. Both in the case of full and of restricted permission the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs, who shall be

under no obligation to consider applications for permission unless the desire of the Head of a Foreign State to confer upon a British subject the Insignia of an order is notified to him before the Order is conferred, either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through the Diplomatic Representative of the latter at the Court of St. James.

7. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette."

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10s.

8. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realm.

Medals.

9. Medals, with the exceptions specified below, and State decorations not carrying membership of an Order of Chivalry, are subject to the Regulations in the same manner as Orders, but permission is given by Letter and not by Royal Warrant.

10. Medals for saving or attempting to save life at sea or on land, whether conferred on behalf of the Head or Government of a Foreign State or by private Life Saving Societies or Institutions, may be accepted and worn without His Majesty's special permission ;

Subject, however, in the case of members of His Majesty's Naval, Military or Air Forces, to any restrictions imposed by the King's Regulations for those Services as to the wearing of such medals with uniform.

Applications for His Majesty's permission to wear other Medals conferred by Private Societies or Institutions and Commemorative Medals cannot be entertained.

11. The King's unrestricted permission to accept and wear a Foreign War Medal will only be given to (1) Members of His Majesty's Naval, Military or Air Forces if serving with a Foreign Army, Navy or Air Force with His Majesty's licence, and (2) Military, Naval or Air Attachés or Officers and other ranks and ratings officially attached to Foreign Armies, Navies or Air Forces during hostilities.

12. In exceptional cases, when for special reasons it is deemed expedient that the acceptance of the medal should not be declined, His Majesty will grant restricted permission. Such cases will be judged on their merits, and the circumstances in which the Medal may be worn will be specified in the Letter conveying His Majesty's permission.

General.

13. Ladies are subject to the Regulations in all respects in the same manner as men.

B

Regulations respecting Foreign Orders and Medals applicable to Persons NOT in the Service of the Crown.

Orders.

1. NO subject of His Majesty shall accept or wear the Insignia of any Foreign Order without having previously obtained His Majesty's permission to do so, signified either :

(a) By Warrant under the Royal Sign-Manual, or

(b) By restricted permission conveyed through the Keeper of His Majesty's Privy Purse.

2. When permission is given by Warrant under the Royal Sign-Manual, the Insignia of the Foreign Order may be worn at all times and without any restriction.

When restricted permission is given the Insignia may only be worn on the occasions defined in the terms of the letter from the Keeper of His Majesty's Privy Purse conveying the permission.

3. The full and unrestricted permission by Warrant under the Royal Sign-Manual is designed to meet cases in which the Decoration has been earned by valuable service rendered to the Head of the State conferring it, or to the State itself. Such service must have been both of manifest and substantial value to the Head of the State or State concerned and not inconsistent with British interest; and must have been rendered within the period of five years immediately preceding the notification of the Decoration to His Majesty's Government as prescribed under Rule 5.

4. Restricted permission is particularly contemplated for Decorations which have been conferred in recognition of personal attention to a foreign Sovereign, the Head of a Foreign State, or a member of a foreign Royal Family, and which are therefore of a more or less complimentary character, but will also be granted for Decorations conferred on other exceptional occasions, in the case of services of manifest and substantial value when not rendered direct to the Foreign State, or when in the public interest it is deemed expedient that they should be accepted.

Restricted permission will not be granted in the case of Decorations conferred for services rendered more than five years previously.

5. Both in the case of full and of restricted permission the matter will be submitted to the King by His Majesty's Principal Secretary of State for Foreign Affairs, who shall be under no obligation to consider applications for permission unless the desire of the Head of a Foreign State to confer upon a British subject the Insignia of an Order is notified to him before the Order is conferred, either through the British Diplomatic Representative accredited to the Head of the Foreign State, or through the Diplomatic Representative of the latter at the Court of St. James.

6. When His Majesty's Principal Secretary of State for Foreign Affairs shall have taken the King's pleasure on any such application, and shall have obtained His Majesty's permission for the person in whose favour it has been made to wear the Insignia of a Foreign Order, he shall signify the same to His Majesty's Principal Secretary of State for the Home Department, in order that he may cause a Warrant, if it be a case for the issue of a Warrant as defined in Rule 2, to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the King, a notification thereof shall be inserted in the "Gazette."

Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10s.

7. The Warrant signifying His Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms. Every such Warrant as aforesaid shall contain a clause providing that His Majesty's licence and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of His Majesty's Realms.

Medals.

8. Medals, with the exceptions specified below, and State decorations not carrying membership of an Order of Chivalry, are subject to the Regulations in the same manner as Orders, but permission to wear is given by Letter and not by Royal Warrant. No permission is needed to accept a Foreign Medal if it is not to be worn.

9. Medals for saving or attempting to save life at sea or on land, whether conferred on behalf of the Head or Government of a Foreign State or by private Life Saving Societies or Institutions, may be accepted and worn without His Majesty's special permission.

Application for His Majesty's permission to wear other Medals conferred by Private Societies or Institutions, and Commemorative Medals, cannot be entertained.

10. His Majesty will not grant permission to wear any Foreign War Medal if the person on whom it is to be or has been conferred was during the war acting in contravention of the Foreign Enlistment Act.

of 1920.

It is hereby enacted as follows:—

Short title.

1. This Act may be called the Dacca University (Amendment) Act, 1928.

Amendment of section 2 of Act XVIII of 1920.

Amendment of section 6.

4. (1) In sub-section (1) of section 6 of the said Act,—

(a) for the words “laboratory work” the words “work in the laboratories or workshops” shall be substituted;

Amendment of section 32.

7. For clause (b) of section 32 of the said Act, the following clause shall be substituted, namely:—

“(b) the Salimullah Muslim Hall.”

STATEMENT OF OBJECTS AND REASONS.

After six years' experience of the working of the Dacca University Act, the authorities of the University have suggested that it should be amended on certain points. On a consideration of the suggestions put forward, the present amending Bill has been prepared. The most important amendment is in clause 5, which makes it clear that the final word about fees to be paid to examiners and the emoluments of teachers shall rest not with the Academic Council but with the Executive Council. This was certainly the opinion of the Calcutta University Commission, and is eminently reasonable when it is remembered that responsibility for finance rests with the latter body. The amendments in clauses 3, 4 and 6 will enable the University to recognise teaching given by teachers in the Dacca Training College, the Engineering School or other similar schools. Clause 7 is framed to associate the name of the late Nawab of Dacca with the University.

The head of an office in the Bengal Secretariat also retains the power to appoint men of special ability or aptitude to any post in the office when, on account of the special requirements of the post or other exceptional circumstances, the post cannot be filled in the ordinary way.

3. **Choice of Service.**—Each candidate for direct recruitment will be required to specify in his application the service or services for which he desires to compete, placing them in the order of his preference, and the choice thus indicated will be final. In services other than the Upper Division of the Secretariat Clerical Service Government reserve the right to fill as many as 45 per cent. of the vacancies by the appointment of Muhammadan candidates if there are qualified candidates available. The application of a non-collegiate student nominated by the Registrar of the Calcutta University should be supported by the character certificates mentioned in rule 6. In making these nominations, due regard should be paid to the desirability of different classes and communities being represented in the public service.

11. Selection certificates.—In order to make the appraisalment of individual merits of candidates possible, the Selection Committee shall issue certificates of selection to such of the nominated candidates, not exceeding 200 in all, as it considers qualified to appear at the examination. The selection or rejection of a candidate by the Selection Committee shall be final, and no candidate shall be admitted to the examination unless he holds such a certificate:

Provided that in making their choice the Selection Committee shall give all possible consideration to the cases of candidates of backward classes and other minorities and shall call for further nominations from the heads of colleges or Commissioners of Divisions if the number of selected Muhammadan candidates does not reach 45 per cent. of the total number selected.

14. Eligibility of Government servants.—Unless especially excepted by Government by general or special order, candidates holding substantive appointments in Government service will be debarred from appearing at the examination. Whenever such exception is made, the candidate will be subject to selection by the Selection Committee as if he were duly nominated under rule 10 of these rules.

15. Canvassing.—Any attempt on the part of a candidate to enlist support for his application through persons of influence will disqualify him for appointment. Spontaneous recommendations from persons interested in the candidates, or otherwise known to them, will be disregarded.

16. Examination fee and time-table.—Every candidate to whom a certificate of selection has been issued will, within a week from the date of its receipt, deposit in the nearest treasury a sum of Rs. 50 as examination fee and forward the receipt for the same to the Secretary to the Selection Committee. No part of the fee will be returnable to a candidate. Delay in this respect may render a candidate's name liable to removal from the list of examinees. On complying with this requirement the candidates will receive from the Secretary a time-table for the examination.

17. Syllabus of examination and marks.—The examination will be held in the subjects and according to the syllabus shown in Schedule III which also indicates the numerical value to be attached to each paper at the examination.

- | | |
|--------------|--------------|
| (i) Bengali, | (iii) Urdu, |
| (ii) Hindi, | (iv) Nepali, |

and *vice versa* in the compulsory paper. Successful candidates, however, who have offered any language other than Bengali in that paper and are appointed to a service for which there is a Departmental Examination will be required to pass completely the Departmental Examinations in Bengali within two years of the date of their appointment to the service.

18. Medical examination.—As soon as the result of the examination has been declared, successful candidates will be required to appear before a Medical Board for a certificate of their fitness for Government service in the form shown in Schedule IV. Regulations as to the physical examination are given in the schedule and intending candidates are advised before they apply under rule 6 for admission to the examination, to satisfy themselves that they are likely to qualify as physically fit under these regulations. For recent experience has shown that about one-third of the candidates who qualify at the competitive examination are subsequently rejected by the Medical Board as unfit.

SCHEDULE IV.

Candidates selected for appointment after the examination will, before appointment, be called upon to satisfy a Medical Board as to their fitness for appointment to Government service, and will be required to conform to the physical standards laid down in the regulations subjoined.

These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that Government reserve to themselves an absolute discretion to reject as unfit any candidate whom they may consider, after hearing the opinion of their medical advisers, to be physically disqualified for the public service; and that their discretion is in no respect limited by these regulations.

Regulations as to the physical examination of candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Police Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

General physical requirements.

I. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with the efficient performance of his duty.

II. In the examination of candidates the Medical Board will apply the following table of correlation of age, height and chest girth:—

Age.	Height without shoes.	Chest measurement on full expiration.	Chest measurement on full inspiration.
	Inches.	Inches.	
21 and upwards	62½ and under 65	30	32
	65 „ 68	31	33
	68 „ 70	32	34
	70 „ 72	33	35½
	72 and upwards	34	36½

III. Measurement of chest.—The candidate will be made to stand erect with his feet together and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape will be carefully gathered in during the process, and when the minimum measurement is reached it will be recorded. The candidate will then be directed to inflate his chest to its utmost capacity. The maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and maximum will then be recorded. In all doubtful cases the functional capacity of the lungs may be tested by means of the spirometer. The minimum vital capacity as tested by the spirometer shall in no case be below 180 cubic inches.

IV. The hearing must be good.

V. The speech must be without impediment.

VI. The teeth must be in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth, where necessary, for effective mastication.

VII. The chest must be well formed, the lungs and heart sound.

VIII. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other conditions likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation. Where any candidate has been rejected and has subsequently undergone one or other operation for hernia, hydrocele, varicocele or varicose veins, the Board may pass him provided they are satisfied that the condition has been radically cured.

IX. The limbs, feet and toes must be well formed and developed, with free and perfect motion of all the joints.

X. A candidate must have no congenital malformation or defect likely to interfere with his efficiency.

XI. A candidate must not be subject to chronic skin disease.

XII. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

Standard of minimum acuteness of vision required for appointment in the Provincial Services.

Better eye.	Worse eye.
Vision = $\frac{6}{6}$ —	Vision = $\frac{6}{6}$

after correction with glasses, provided there are no morbid changes present in the choroid or retinae.

2. Cases of myopia with posterior staphyloma may, however, be admitted provided ametropia in either eye does not exceed - 2.5 D, and no morbid changes are present in the choroid or retinae.

A candidate of twenty-five years of age or over may be admitted, provided ametropia in either eye or both eyes does not exceed - 3.5 D, and provided his corrected vision reaches $\frac{6}{6}$ in each eye.

3. Candidates with hypermetropia may be admitted provided the acuteness of vision is—

Better eye.	Worse eye.
Vision = $\frac{6}{6}$	Vision = $\frac{6}{6}$

after correction with glasses.

4. In cases of defective vision due to nebula of the cornea, the candidate will be rejected.

5. Squints or any morbid conditions subject to risk of aggravation or recurrence in either eye may cause rejection of a candidate.

6. Colour vision need not be taken into account.

Form of medical certificate for candidates for appointment to the Bengal Civil Service (Executive), the Bengal Excise Service, the Bengal Junior Civil Service, the Bengal Junior Excise Service and the Upper Division of the Secretariat Clerical Service.

The attention of the Medical Board is specially directed to the following:—

No person will be deemed qualified for admission to the service who shall not satisfy Government that he has no disease, constitutional affection or bodily infirmity, unfitting him, or likely to unfit him, for the service. It should be understood that the question of fitness involves the future as well as the present and that one of the main objects of medical examination is to secure continuous effective service, and in the case of candidates for permanent appointment to prevent early pension. It is at the same time to be noted that the question is one of the likelihood of continuous effective service, and that the rejection of a candidate need not be advised on account of the presence of a defect which in only a small proportion of cases is found to interfere with continuous effective service. Before filling up the form it should be ascertained from the candidate whether he has been previously pronounced unfit for Government service by any duly constituted medical authority in India or elsewhere.

“If the course of study is in Europe or America, the Head of the Department should also forward to the Secretary to the High Commissioner for India, General Department, a copy of the approved programme of study. If it is not possible for the Government servant to give full details, as above, in his original application, or if, after leaving India, he wishes to make any changes in the programme which has been approved in India, he should submit particulars as soon as possible to the Secretary to the High Commissioner for India, General Department. In such cases, he should not, unless prepared to do so at his own risk, commence the course of study, nor incur any expenses in connection therewith, until he receives approval to the course through the High Commissioner.”

Substitute the following for rule 6 :—

6. “Government servants on leave in Europe or America, who wish to convert part of the leave into study leave or to undertake a course of study during leave, should, before commencing study and before incurring any expenses in connection therewith, submit a programme of their proposed course of study to the Secretary to the High Commissioner for India, General Department. The programme should be accompanied by an official syllabus of the course, if one is available, and by any documentary evidence that the particular course or examination has the approval of the authorities in India. In the absence of such evidence the programme may, if approved by the High Commissioner, be proceeded with, but no study leave allowance will be admissible until the concurrence of the authority concerned in India is received.

Similarly Government servants on leave in the United Kingdom, who desire to have it extended for purposes of study under these rules, should address the Secretary to the High Commissioner for India, but in addition to furnishing a statement of the proposed study they must support their applications with documentary evidence of their having obtained the approval of the authorities concerned in India to their applying for an extension of leave. They must also produce documentary evidence of the concurrence of the authority concerned in India to the grant of study leave and/or study allowance.

6 A. No course of study will be recognised as qualifying for the grant of study allowance, or for study leave for any other purpose, unless it has been approved in at least broad outline by the sanctioning authority in India in accordance with rules 5 and 6 above, and unless, in cases where it has not been found possible to submit full particulars to the authorities in India, it has been approved in detail by the High Commissioner before it is begun.”

SHIPPING.

Simla, the 26th May 1928.

No. 238-S. (87).—The following report of inspection of the Indian Mercantile Marine Training Ship "Dufferin" by the Governing Body of the Ship is published for general information :—

"In accordance with rule 10 of the rules for the management of the Indian Mercantile Marine Training Ship 'Dufferin,' the Governing Body made a formal inspection of the Ship on the afternoon on Monday, April 15th, 1928.

The following members of the Governing Body were present :—

Captain E. J. Headlam, C.S.I., C.M.G., D.S.O., R.I.M., *Chairman*.

F. B. Lory, Esq., Director of Public Instruction, Bombay.

Narotam Morarjee, Esq.

Manvi Abul Kasem, M.L.C.

D. J. MacGillivray, Esq.

M. A. Master, Esq., B.A., LL.B.

Kaikobad Cowasjee Dinshaw, Esq., J.P.

J. L. P. Roche-Victoria, Esq.

Certain alterations, improvements and repairs suggested by the Captain Superintendent were considered and are embodied in the minutes of the meeting held after the inspection.

The Governing Body were much impressed by the smart, healthy and happy appearance of the cadets and of the marked improved physical development shewn by all.

The ship was in a most clean and satisfactory condition and shewed a high state of efficiency.

The Governing Body would like to take the opportunity of, on this their first formal inspection, reporting to the Government of India how successful in all its branches they consider the experiment of establishing a training ship for the Merchant Service has been so far.

This success the Governing Body consider has been in a very large measure due to the cadets themselves who have cheerfully and willingly accepted the somewhat stringent discipline of a sea life and shewn great keenness and zeal for their new life. It is most pleasant to record that their general behaviour has been exemplary.

The Governing Body desire to place on record their very high appreciation of the services of the Captain Superintendent and his Officers and Scholastic Staff, especially of the services of the Head Master Mr. Jones, the Chief Officer Lieutenant-Commander S. Campbell, the Second Officer Mr. H. W. Davies and Assistant Master R. D. Sathe, all of whom have taken the keenest interest in their duties and in the welfare and instruction of the cadets. The success of such a training ship must in all its branches depend most largely upon the Captain-Superintendent, who is responsible not only for the training of the cadets but for the discipline and welfare of all on board; in this connection the Governing Body consider that the highest praise is due to Commander H. A. B. Digby-Beste, O.B.E., R.I.M., who while maintaining the necessary discipline on board has worked unflinchingly in the interests of the scheme and for the comfort and welfare of his staff, the cadets and the Ship's Company.

The Governing Body feel also that the present happy and zealous spirit which is so apparent among the cadets is greatly due to Commander Digby-Beste's tact and sympathetic kindness combined with firmness in dealing with the cadets and in the intense interest he takes in their welfare and progress."

Notice.

THE Bengal and Madras Service Family Pension Fund which is provisionally managed and assisted by Government has for its object the provision of monthly pensions for the maintenance of the widows and children of subscribers and is open, with certain exceptions, to all active and pensioned members of the Unconvenanted service of Government (except those serving under the Government of Bombay), and to Local Fund servants earning pensions from Government. Some of the special features of the fund are—(1) that widowed daughters incapable of remarriage or children labouring under such mental or bodily infirmities as incapacitate them from earning their livelihood or preclude the possibility of marriage (in case of a daughter) are admitted to its benefits; and (2) that subscribers to the Widows' and Daughters' branches are entitled to a refund of 30 per cent. of the premia paid, should the nominee predecease them after five years of admission. The second quinquennial valuation of the Fund has been completed by the Actuary to the Government of India, and his report discloses very favourable results. For forms of application and rules of the Fund apply to the Accountant-General, Bengal, Imperial Secretariat Buildings, Calcutta.

NOTIFICATION.

* No. 6005A.—The 18th June 1928.—The following rules* for the encouragement of the study of oriental languages which the Government of Bengal have been pleased to make in supersession of all previous rules, are published for general information. These rules will come into force with effect from the 1st December 1928.

I. These rules are applicable to the following classes of officers in civil employ serving directly under the Government of Bengal:—

- (i) Officers of the Indian Civil Service.
- (ii) Officers of the Indian Educational Service.
- (iii) Officers of the Imperial Branch of the Indian Police Service.
- (iv) Officers of the Indian Agricultural Service.
- (v) Officers of the Indian Veterinary Service.
- (vi) Officers of the Indian Forest Service.
- (vii) Officers of the Europe-recruited branch of the Indian Service of Engineers.
- (viii) European Inspectors of Factories.

The following restrictions will apply to officers of the Indian Educational Service, *viz.*, that a professor of or an examiner in any language cannot obtain a reward in that language, and that no officer will be permitted to receive rewards for passing by a given standard in more than two vernacular and two classical languages.

*Officers of the Indian Agricultural Service, the Indian Veterinary Service, the Imperial Forest Service, and the Europe-recruited branch of the Indian Service of Engineers are only eligible for rewards for passing the 1st class and 2nd class Interpretership examinations. Officers of the Indian Agricultural Service, the Indian Veterinary Service and the Europe-recruited branch of the Indian Service of Engineers may be admitted to the Degree of Honour examination, but only in exceptional cases when the Government are satisfied that it is in the interest of the public service that the officer in question should be allowed to take the examination.

European Inspectors of the Factories Department may qualify as 1st and 2nd class Interpreters in Bengali, Hindi and Urdu and earn the prescribed rewards, but may not present themselves for examination in any other language, or for the Degree of Honour in Bengali, Hindi or Urdu.

II. Candidates may present themselves for examination only in those languages in which it would be of an advantage to Government that they should qualify. A statement to this effect should be furnished by the candidate's superior officer when forwarding the candidate's application. The new tests, *viz.*, the Preliminary, the 2nd class and 1st class Interpreterships, correspond in standard to the old Higher Standard, Proficiency and High Proficiency, respectively, and an officer who has passed any of the latter tests will not be eligible to sit for the corresponding new tests in the same language.

III. The donations to be given to successful candidates will be as follows, subject to the conditions that (i) from all rewards, except for the Degree of Honour, any rewards previously drawn for the same language are deducted, and in no case will an officer draw on one occasion more than one reward, and (ii) the grant for requalification as a 1st class Interpreter, after a minimum interval of three years, will be one quarter of the reward for the original qualification:—

Interpreter.

Language.				Degree of Honour.	
	Preliminary.	2nd class.	1st class.	Rs.	
	Rs.	Rs.	Rs.	Rs.	
Arabic	300	900	1,800	5,000	
Persian	300	900	1,800	5,000	
Sanskrit	300	900	1,800	5,000	
Bengali	500	1,500	3,000	
Hindi	500	1,500	3,000	
Urdu	500	1,500	3,000	

* These rules do not in any way affect the departmental examinations or language examinations which officers have to pass under the orders of the Government of Bengal.

IV. No officer will be permitted to present himself for examination in the Degree of Honour test until he is qualified as a 1st class Interpreter in the particular language.

An officer may requalify in the 1st class Interpretership or in the Degree of Honour examination in any language under the conditions laid down in rules X and XIV, respectively.

V. Rewards admissible under rule III will not be granted to officers whose age exceeds 40 years at the date of the original examination and 45 at the date of the requalifying examination. In the case of an examination for the Degree of Honour Standard however there shall be no limit of time and an officer will be permitted to earn a reward by passing this examination at any time within the period of his service.

VI. In no case will a reward be paid for passing any examination in the languages which is the candidate's mother tongue; or is the school language, or is the language taken by the candidate at the University, or is well known to the educated classes of the district or province in which the candidate was born or educated or which is not so foreign to him as to render its acquisition a matter of difficulty. A. CASSELLS,

No. 1497 Mis.—The 8th June 1928.—In supersession of all previous rules issued on the subject the Governor in Council is pleased to make the following revised rules for the regulation of appointments in the clerical service of the Secretariat of the Government of Bengal and certain Government offices in future.

A. CASSELS,

Secretary to the Government of Bengal.

Rules for the regulation of appointments in the clerical service of the Secretariat and certain other offices of the Government of Bengal.

The clerical service of the Secretariat of the Government of Bengal is divided into two divisions—the Upper Division and the Lower Division.

Upper Division.

2. The Upper Division of the clerical service in the Secretariat is graded as follows:—

- (a) Rupees 125 a month on probation for two years.
- (b) After confirmation a time-scale of pay, Rs. 150—10—250—15—400, with an efficiency bar at the stage of Rs. 250.
- (c) Two selection grades, one of Rs. 325—25—400 alongside the above time-scale, and another of Rs. 425—25—500 beyond it. The former selection grade is limited to 15 per cent. of the number in the Upper Division.

Special pay of Rs. 100 per mensem attaches to certain of the posts of Head Assistants.

3. Vacancies which occur in the Upper Division of each department will be filled by the following methods:—

- (a) Direct recruitment of candidates by means of a competitive examination which will be the same as that prescribed for the recruitment of the Bengal Civil Service (Executive) and other services in Bengal. The rules regulating the recruitment of these services will apply in the case of direct recruitment of the Upper Division of the Secretariat. These rules may be obtained on application from the Appointment Department of this Government.
- (b) Selection of suitable Europeans or Anglo-Indians. The educational attainments required of such candidates will be the Intermediate Examination, the Senior Cambridge Local Examination, the Cambridge Senior School Certificate Examination or a certificate that the candidate has passed the final examination of the advanced Commercial Classes. In this case preference will be given to graduates.
- (c) Promotion from the Lower Division.

No clerk in the Lower Division, however, has, as a matter of right, any claim to promotion in the Upper Division, which will be given strictly according to merit.

One-third of the vacancies in the Upper Division will be filled by method (c). So long as all the assistants in the Lower Division, who were recruited previous to April 1910 and are considered fit for promotion to the Upper Division, have not been provided for, this proportion of one-third may be exceeded. The relaxation of this rule of one-third will not, however, override the provisions of rule 14 as regards the appointment of Muhammadans, nor will it affect the appointment of Anglo-Indians to the special branch of the Political Department of this Government.

4. For the purpose of the selection of candidates under rule 3 (b), the Director of Public Instruction shall be asked to submit, in consultation with the authorities of European colleges and schools, the names of two or three candidates for each vacancy who possess the qualifications prescribed. From among these a selection will be made by the Secretaries at a meeting.

HIGH COURT NOTICES.

ENGLISH DEPARTMENT—CIVIL.

The 12th June 1928.

No. 8285G.—The following revised rules made by the High Court of Judicature at Fort William in Bengal, under the powers vested in it by section 6 of the Legal Practitioners Act, 1879 (XVIII of 1879), are published for general information:—

Rules.

Revised Rules for the training of Legal Practitioners in the Subordinate Courts.

1. On and after the 1st January 1930, no person shall be admitted as a Pleader in the Courts subordinate to the High Court, unless he has served as a probationer for a period of one year, either at the headquarters of a district or in one of the subdivisions thereof, in conformity with the following rules, or is not eligible thereunder, or has not satisfied the requirements thereof.

2. Any person, who has obtained the degree of Bachelor of Law of one of the Universities of Calcutta, Dacca, Madras, Bombay, Patna, Allahabad and the Punjab, or of the Muslim University of Aligarh, or of the Benares Hindu University, shall be enrolled as a probationer, provided that his application to serve as a probationer be made within one year from the date of his obtaining such degree, or within such further time as the High

Court may for special reason allow, and provided that a Bachelor of Law of the University of Madras, Bombay, Allahabad, and the Punjab, of the Muslim University of Aligarh and of the Benares Hindu University so applying has passed an examination held under the direction of the District Judge in reading, writing, and speaking the vernacular of the district in which he intends ordinarily to practise.

NOTE.—The period of one year referred to in this rule shall count from the date of the applicant's diploma.

3. The application mentioned in the last foregoing rule shall be addressed to the District Judge of the district in which the applicant desires to practise, and it shall specify the Pleader with whom and the Court in which the applicant desires to serve as a probationer, and shall be accompanied by a certificate from the Pleader stating that he is willing to take the applicant as a probationer: Provided that no Pleader who is not a practising Pleader of more than five years' standing, or does not ordinarily practise at the headquarters of a district, or in one of the subdivisions thereof, shall be eligible to take a probationer, and no Pleader shall be permitted to entertain more than one probationer at one time; and provided also that permission shall not be granted to serve as a probationer in any Court which is not at the headquarters of a district or of a subdivision thereof.

4. On receipt of the application mentioned in the last foregoing rule, and if it is in order, the District Judge to whom it has been made shall grant the permission applied for and shall cause the particulars to be entered in a register to be kept in his office.

5. The applicant shall then, during and for a period of one year, serve as a probationer with the Pleader and in the Court in respect of whom and which the said permission has been granted.

6. During the period of probation aforesaid, the probationer shall work with the Pleader in and outside Court. Such work shall be limited to acting only, and shall not extend to pleading, and the general nature thereof shall be that of assisting the Pleader in his professional work as Pleader.

7. During the period of probation aforesaid, the probationer shall also attend the Court regularly and shall notify his attendance therein daily to such officer as the District Judge in the case of service at the headquarters of a district, or the Senior Munsif in the case of service at the headquarters of a subdivision, may appoint for the purpose. It shall be the duty of such officer to note the attendance of the probationer in a register to be kept for the purpose.

8. The probationer shall ordinarily work with one and the same Pleader throughout the period of his probation, and the Pleader shall ordinarily be one in continuous practice throughout such period. In case where necessity may arise, the service may be with different Pleaders for successive periods, but the total period of probation must in no case be less than a year, and no such service shall be recognised, unless it has been with the permission of the District Judge, obtained previously and in the manner indicated in rules 3 and 4 above.

9. During the period of probation aforesaid, the probationer may be excused absence for a portion or portions thereof, provided the Pleader with whom or the Court in which the probationer is to serve is satisfied that there is good cause for such absence, and that the training of the probationer will not materially suffer therefrom. In any other case, the deficiency will have to be made up by serving for such further period, not longer than the actual period of absence, as may be necessary in the opinion of the Pleader or of the Court as the case may be.

10. A Pleader who is permitted to take a probationer will be allowed to charge a fee of Rs. 50 for his remuneration for the training he gives to the probationer, and may refuse to give a certificate of his willingness to take the probationer unless he receives the same in advance. In case, however, of the Pleader not being able to retain the probationer for the full period of probation with him, the probationer will be entitled to a refund of an amount in proportion to the uncompleted portion of the service with such Pleader.

11. Every probationer shall, during the whole period of his probation, be exclusively employed by the Pleader in his proper business and practice as such.

12. On completion of the period of probation as aforesaid, the probationer shall file with the District Judge a certificate in Form A of the Schedule from the Pleader and a certificate in Form B of the Schedule from the Judge of the district or the Senior Munsif in the subdivision as the case may be, along with his application for admission as a Pleader mentioned in the next rule: Provided that the Judge of the district or the Senior Munsif of the subdivision, should he entertain a doubt as to whether the probationer has diligently worked as such, may, before giving such certificate, subject the probationer to an examination as regards procedure, and should he not be satisfied as a result of that examination that the probationer has served with diligence, may direct him to continue as a probationer for a further period not exceeding three months.

2. Commissioners who are not Government servants or who being Government servants are elected Commissioners, and who do not hold the post of Chairman and Vice-Chairman, shall be entitled to draw from the municipal fund travelling allowance at the same rates as are admissible to Government servants of the second class. Provided that the Commissioners at a meeting may substitute for the rates herein mentioned the rates admissible under rule 2.

NOTE.—This rule does not prevent the Commissioners from granting under section 28 of the Bengal Municipal Act, 1884, allowances to their Chairmen or Vice-Chairmen for journeys within the municipality in connection with municipal work.

4. Commissioners who being Government servants are either Commissioners by appointment or hold the post of Chairman or Vice-Chairman shall be entitled to draw from provincial revenues the travelling allowance admissible to them as Government servants.

Minister-in-charge: The Hon'ble Sir P. C. Mitter, Kt., C.I.E.

No. 129 T.-P.H.—The 14th June 1928.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Bengal Act III of 1884), the Government of Bengal (Ministry of Local Self-Government) are pleased to make the following rules subject to which the Commissioners of the Suri Municipality in the district of Birbhum may allow communication pipes to be laid down from the service pipes of the Commissioners for the purpose of leading water to premises for domestic purposes only:—

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 96, to lay down communication pipes from the service pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions:—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied, free of cost, at the Municipal Office.

2. A fee of Rs. 150 must be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply pipe or a common communication pipe laid in accordance with rule 3 before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Except as provided below, each holding must have a separate connection to the municipal main supply pipe, and extensions from the communication pipe of one holding to another holding shall not be permitted:

Provided that, with the consent of the Commissioners in meeting, connections to two or more holdings may be permitted from a common communication-pipe. Any such communication-pipe must be laid in a street or common passage, and a stop-cock and meter as provided for in rule 7 must be fixed on the connection to each holding;

Provided also that no holding shall have more than one separate connection, but if in any case the Commissioners are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction a second connection thereto.

4. The owner or occupier of the holding in respect of which the connection is required must pay the entire cost of the connection, including the supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition or which may be necessitated by any change in the municipal waterworks or system of distribution, or by the defective condition of the connection or any part thereof, or by any other cause whatsoever.

6. (1) The works required under rules 4 and 5 may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the works are required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(2) No work shall be carried out under sub-rule (1) except under the supervision of a municipal officer.

7. A holding connection shall comprise the following parts or fittings:—

- (a) a brass or gun-metal ferrule inserted in the main supply pipe;
- (b) a galvanized iron communication pipe from the ferrule to the meter;
- (c) a stop-cock and its surface-box;
- (d) a meter;
- (e) service pipes from the stop-cock to the taps; and
- (f) taps.

8. (1) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them in meeting.

(2) All fittings shall be inspected and tested and stamped by an officer of the municipality before being fixed.

(3) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and any fittings so presented may, if considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection, when fitted in position, must be capable of standing a pressure of 100 feet, and no water shall be supplied until it has stood such a test applied by the Commissioners.

10. The size of the ferrule, and the diameter of the communication pipe referred to in clauses (a) and (b) of rule 7, and the number of taps shall be fixed in accordance with the annual valuation of the holdings as follows:—

Annual valuation of holding.		Size of ferrule.	Diameter of communication pipe.	Number of taps.
Rs.	Rs.	Inch.	Inch.	
under 200		...	$\frac{1}{2}$	1
From 200 to 399		...	$\frac{1}{2}$	2
" 400 " 599		...	$\frac{3}{8}$	3
" 600 " 899		...	$\frac{3}{8}$	4
" 900 " 1,199		...	$\frac{7}{8}$	
" 1,200 " 1,499		...	$\frac{7}{8}$	6
" 1,500 " 1,999		...	1	7

From Rs. 2,000 and over—An extra tap for every additional Rs. 1,000, and when necessary, a corresponding increase in the size of ferrule or tee piece on the municipal main and in the diameter of communication pipe.

11. (1) On every communication pipe a brass or gun-metal stop-cock having the same waterway as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(2) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(3) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

12. (1) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(2) The meter must be fixed in a brick chamber covered over with a cast-iron surface box of approved pattern, with locking arrangements. The key of this box shall remain under the control of the Chairman.

13. Neither the stop-cock nor the meter must be placed in any private premises.

14. (1) The Commissioners shall depute an authorised person to read every meter not less than once a quarter and shall give notice to the occupier at least twenty-four hours before the reading is recorded.

(2) In the event of a meter ceasing to register, the quantity of water consumed during the period the meter had stopped to register shall be calculated on the basis of the average consumption of water of the holding for the last four quarters.

15. (1) Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to a supply of—

- (a) 2,000 gallons of water per quarter for each rupee, and
- (b) a further proportionate number of gallons per quarter for every additional fraction of a rupee, paid by him quarterly as water-rate in respect of such holding.

(2) For all water in excess of the amount allowed under sub-rule (1) such owner or occupier shall be charged quarterly as follows :—

	Per 1,000 gallons
	Rs. A.
(a) For any excess quantity of water not exceeding one-half of the amount of the allowance prescribed in sub-rule (1) ...	0 8
(b) For any excess quantity of water exceeding one-half of the amount of the allowance prescribed in sub-rule (1), but not exceeding that amount ...	0 10
(c) For any excess quantity of water exceeding the amount of the allowance prescribed in sub-rule (1), but not exceeding twice that amount ...	0 14
(d) For any excess quantity of water exceeding twice the amount of the allowance prescribed in sub-rule (1) ...	1 4

16. The Commissioners may cut off the connection between any waterworks of the municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely :—

- (a) if the holding is unoccupied ;
- (b) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purposes of making any examination or inspection authorised under this Act or prevents such officer from making such examination or inspection ;
- (c) if the owner or occupier of the holding touches or interferes with his meter in any way except with the permission of the Chairman, or wilfully or negligently injures or damages it ;
- (d) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood ;
- (e) if the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same ;
- (f) if the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservoirs, taps, pipes or any other works in connection with the water-supply not authorised by these rules ;

(g) if the pipes, taps, ball-cocks, cisterns, or any other parts of the connection are, in the opinion of the Commissioners, in a leaking condition or in a state of disrepair :

Provided that such disconnection or turning off of water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (d) an officer authorised by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

17. Every tap shall be of the same size as the pipe to which it is attached and shall be of brass and of the pattern known as "Screwdown". Every tap shall be at least 3 feet above the surface of the ground beneath.

18. No cistern, tank, or reservoir of any description which is intended to be supplied with water from the municipal waterworks shall be permitted to any holding except with the sanction of the Commissioners in meeting, and such sanction shall distinctly specify the dimensions and capacity of the cistern, tank or reservoir allowed. The inlet to every such cistern, tank or reservoir must be controlled by an efficient ball-cock so that the discharge thereinto is completely stopped when the cistern, tank or reservoir is full. Any taps fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

19. No connection shall be permitted to any holding unless and until the owner or occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away.

NOTIFICATIONS.

No. 779T.-F.—The 14th June 1928.—In exercise of the power conferred by sub-rule (1) of rule 4 of the Civil Services (Governors' Provinces) Delegation Rules, 1926, the Governor in Council and the Governor acting with his Ministers are pleased to make the following rules regulating the conditions of service of provincial and subordinate services and of officers holding special posts:—

Rules.

1. For the purposes of these rules—
 - (1) *Appointed on probation* means appointed on trial in or against a substantive vacancy.
 - (2) *Probation* means a Government servant appointed on probation. A Government servant so appointed (and continuing in service) remains a probationer until he is confirmed.
2. Where it is intended that first appointment to a service or post shall normally be on probation, the period of probation shall be prescribed in the rule regulating the pay of that service or post.
3. For special reasons (which should be recorded) the appointing authority may extend a probationer's prescribed period of probation by a further period not exceeding half the prescribed period. A period of probation may not be further extended without the special orders of Government, obtained on a recommendation made by the appointing authority.
4. When a probationer is about to complete the period of probation prescribed under rule 2 the appointing authority shall record an order either confirming him with effect from the date of his completion of the prescribed period of probation or extending his period of probation or discharging him. Similarly, when a probationer is about to complete an extended period of probation, the appointing authority shall record an order either confirming him with effect from the date of his completion of the extended period of

probation or discharging him, unless he has meantime received orders of Government sanctioning a further extension of the period of probation :

Provided that, if he has not on the date of expiry of the extended period of probation received the orders of Government on a recommendation made under rule 3, the appointing authority shall defer his order until those orders are received ; the probationer meantime being permitted to continue in service.

NOTE 1.—The term "discharge" in this chapter includes, in the case of a probationer appointed by promotion from another service or post, reversion to that service or post.

NOTE 2.—A recommendation that a period of probation should be extended by Government should be submitted in such time as to enable the orders of Government to reach the appointing authority before the date of expiry of the subsisting extended period of probation.

5. Save pending the receipt of the orders of Government on a recommendation made under rule 3, a probationer may at any time be discharged from service by the appointing authority, if considered by that authority to be unsuitable for the service or post to which he was appointed, but the order of discharge (except when passed by Government) shall not be given effect to till it has been submitted to and confirmed by the next higher authority.

6. An order discharging a probationer shall indicate the grounds for the discharge, but no formal proceedings, such as are prescribed for the removal or dismissal of Government servants who are not probationers, shall be necessary.

7. No appeal shall lie against an order discharging a probationer.

8. A probationer may not be confirmed until he has served on probation for the period prescribed under rule 2, passed any test or examination the passing of which may by rule be prescribed as a condition of confirmation in the service or post in which it is proposed to confirm him, and been declared by the appointing authority to be fit for confirmation.

9. No increment of pay beyond the pay prescribed for the period prescribed under rule 2 may be drawn by a probationer until he is confirmed.

10. Rules.

1. When a Government servant is ordered to be reduced to a lower stage in a time-scale, the authority passing the order shall include in the order—

(i) a statement of the period for which the reduction is to remain in force ; and

(ii) a statement whether on the expiry of the period the Government servant's previous service in the stage of the time-scale from which he was reduced, and the period during which the orders of reduction were in force, shall count for increment in whole or in part or not at all. If the former statement be not made, or be not clear, the period of reduction shall expire on the termination of the period at the close of which the officer would have drawn his next increment had the order of reduction not been passed ; and if the latter statement be not made, or be not clear, the Government servant shall be entitled, on the expiry of the period of reduction, to count towards increment his previous service in the stage of the time-scale from which he was reduced, and the period during which the orders of reduction were in force.

2. When a Government servant is ordered to be reduced to a lower grade or post, and is subsequently promoted or reinstated, his previous service in the grade or post from which he was reduced counts for increment, unless the authority promoting or reinstating him declares that it shall not so count, either in whole or in part. The period during which the orders of reduction were in force does not count for increment upon promotion or reinstatement.

The second instalment of messing and all other monthly fees are payable on the 15th of every month or on any other date which may be notified by the Principal. No payment shall be accepted after the due date unless accompanied by a fine of Re. 1 for every three days' delay. If the payment is not made during the month, the defaulting student's name shall be struck off the school books. Such student shall not be re-admitted until he has paid in all arrears together with any fine which may be due from him and a re-admission fee of Rs. 5.

The training in Mine Surveying begins from about the 1st October and lasts for not less than six months.

Extracts from Standing Rules for students.

1. Students are expected to attend 100 per cent. of the works, and those who have not put up at least 75 per cent. of possible attendances in class and 80 per cent. in field work are not allowed to appear at any examination of the Survey Education Advisory Board.

2. Ordinarily students are not granted leave out of the school for more than ten days during a session.

3. Students are excused from attending the class or the field on medical grounds on the recommendation of the school medical officer. But frequent absence on medical grounds may render a student unfit for the course.

CALCUTTA, THE 24TH MAY 1928.

RESOLUTION—No. 10072 L. R.

READ—

The Survey and Settlement Reports for the year ending the 30th September, 1927.

As usual, the Director, Eastern Circle, Survey of India, inspected the traverse work carried on in this Presidency, and both he and the Officer-in-charge of the Photo-Litho office inspected the Bengal Drawing Office and made some valuable suggestions for improvement in the drawing and typing of the maps and their reproduction. The Director, Eastern Circle, also gave valuable assistance and advice in connection with the survey of a forest area in Chittagong from the air. The Governor in Council has noticed with pleasure that these officers of the Survey of India were satisfied with the work done by the Survey Department of the Local Government.

2. Traverse survey was done in an area of 684 sq. miles in the 24-Parganas and 738 sq. miles in Burdwan. The area under survey in the 24-Parganas was in the neighbourhood of Calcutta. In one portion it was very congested, and in another portion it included the salt lake and several other large *bils*. There were eighteen municipalities within this block covering about 77 sq. miles, some of which were thickly populated or were full of gardens, and consequently required a large amount of detailed traversing. The area surveyed in Burdwan was, on the other hand, open, and offered no special difficulties.

3. The most interesting item of survey work during the year was the survey carried out from the air of a forest area in Chittagong by the Air Survey Company. This was a new venture, but its result was tested by the Survey of India and was found to be quite satisfactory.

4. The major settlement operations in Nadia were brought to a close and those in Khulna and Pabna-Bogra were practically finished during the year under report. The operations in Murshidabad-Birbhum and in the 24-Parganas were in full swing with all stages of work in progress. The former settlement has got through an unusually heavy programme with efficiency and despatch, while the latter, in spite of the exceptionally large number of plots per square mile, made satisfactory progress in almost all branches of work.

5. The total area of which a record-of-rights has been prepared is now 48,366 sq. miles out of 66,498 sq. miles in the Presidency to which the Bengal Tenancy Act applies. The settlement maps and records continued to prove of assistance to the various departments of administration which used them, and their popularity with the public was evidenced by the increased number of sales of *khatians* and village-maps during the year.

6. Mr. A. K. Jameson, I.C.S., was in charge of the Departments throughout the year, except for a short period from 1st to 29th October, when Khan Bahadur M. A. Momen officiated in his place. The Governor in Council has much pleasure in acknowledging the efficiency and care with which both officers have managed the two Departments under their control and the comprehensive and interesting report submitted by Mr. Jameson. His Excellency in Council is also pleased to direct that the good work done by the Survey Officers, Messrs. C. A. O'Donel, I. Newton and H. H. Creed, and Settlement Officers, Messrs. J. B. APPOINTMENT DEPARTMENT.

CALCUTTA, THE 1ST JUNE 1928.

RESOLUTION—No. 5339A.

READ—

Resolution of this Government in the General Department No. 398 T.-G., dated the 17th October 1891.

Resolution of this Government in the Appointment Department, No. 176 A., dated the 10th January 1916.

Letter No. 4849 R., dated the 19th December 1927, from the Commissioner of the Dacca Division.

The Governor in Council understands that some doubt prevails as to the number of days which District and Subdivisional Officers are expected to spend on tour in their respective charges, in view of the fact that the orders issued in Appointment Department Resolution No. 176 A., dated the 10th January 1916, were declared to be in supersession of all previous orders and did not actually prescribe the minimum number of days a District Officer or Subdivisional Officer was required to be on tour during a year.

2. Recent changes in the administration have undoubtedly altered the nature of the work to be done on tour by District and Subdivisional Officers, as except in a very few cases they are no longer responsible for the work of district and local boards. But in the opinion of the Governor in Council it is essential that these officers shall acquire by regular touring an intimate personal knowledge of the requirements of the areas of which they are in executive charge and afford the inhabitants an opportunity of making their needs known to the local representative of the executive Government. Further, in the interests of the gradual development of self-governing institutions, it is essential that District and Subdivisional Officers shall take an interest in the work of union boards and other units of self-government whether in villages or in towns, and shall assist with advice and encouragement educational, co-operative and other institutions of a similar nature.

3. For these duties and for the various official inspections which every executive officer is bound by rule to make, the Governor in Council considers it essential that District and Subdivisional Officers shall spend a considerable time away from their headquarters each year. Therefore, while making no change in the general principles laid down in Resolution No. 176 A., dated the 10th January 1916, for the guidance of touring officers, he considers it desirable to lay it down explicitly that District and Subdivisional Officers are expected to spend at least 90 days in the year on tour in their respective areas of administration.

ORDER—Ordered that this resolution be published in the *Calcutta Gazette* for general information.

Ordered also that a copy be forwarded to the officers concerned for information and guidance: also that a copy be forwarded to the Board of Revenue and to the other Departments of this Government for information.

By order of the Governor in Council,

W. D. R. PRENTICE,

Chief Secretary to the Government of Bengal.

Weeding of autumn crops was proceeding briskly in East and parts of North Bengal.

III. **State of standing crops.**—On the whole the standing crops were greatly improved by the rainfall of the month.

IV. **Prospects and probable outturn.**—The outlook of standing crops including deep water paddy was generally promising.

V. **Damage to standing crops.**—No appreciable damage except that by hailstorm in parts of Cooch Bihar State and in Rangpur was reported.

VI. **Condition of agricultural stock.**—The condition of live-stock was generally fair. Sporadic cases of cattle-disease were, however, reported from seventeen districts.

VII. **Failure of pasturage and fodder.**—Fodder was reported to be insufficient from parts of the 24-Parganas, Nadia, Murshidabad, Jessore, Burdwan, Birbhum, Rajshahi, Dinajpur, Malda and Dacca.

VIII. **Prices of food-grains.**—During the second fortnight of the month the retail price of common rice of the cheapest quality rose in seven districts, fell in six and remained stationary in the rest of the Presidency. It varied from 4½ seers per rupee in Rangpur to 7½ seers in Chittagong.

IX. **Condition of agricultural population.**—The condition of agricultural population was, on the whole, fair except in parts of Nadia, Murshidabad, Birbhum, Bankura, Dinajpur and Malda where distress continued to prevail owing to a partial failure of the winter rice crop. Test and other relief works continued to help the people of these places.
